

60" Choker Anchor Sling

Specification and Data Sheet

Part Number	6601-36
Description	Wide web anchor sling with attached D-rings to each end, for use in temporary or removable anchorage applications.
Designed Working Load	6,000 lb.
Standards Compliance	ANSI A10.14, Z359.1, OSHA 1910.66, 1926.500
Weight	2.00 lb.
Dimensions	36 in. long x 4 in. wide
Material	Polyester web & forged steel D-rings.
Additional Notes	Choker anchor sling can be used as a removable anchor point. D-ring connectors allow slide-thru, choker style installation or standard side-by-side installation. For choker style installation, the fall arrest device is connected through smaller, hanging D-ring only. For standard installation, the fall arrest device is connected through both hanging D-rings by means of carabiner or lanyard snap hook.
